

Title: Waste Disposal Assistance Program	Internal/External
Department: Infrastructure & Public Works	Policy Number: IPW013
Approval Date: February 20, 2018	Implementation Date: February 20, 2018
Revision Date: May 23, 2019	

BACKGROUND

By establishing a Waste Disposal Assistance Program the Town of Paradise will reimburse residents for part of the cost of pumping out their residential septic tank.

PURPOSE/OBJECTIVE

The Town of Paradise has instituted a Waste Disposal Assistance Program whereby the Town will reimburse residents for part of the cost of pumping out their residential septic tank as per the criteria below:

DEFINITIONS: n/a

POLICY STATEMENT

Any resident who would like to apply for this rebate under the Waste Disposal Assistance Program, they must ensure all work is carried out by an approved Waste Sewage hauler registered with Service NL.

GUIDELINES AND PROCEDURES

General

1. Waste disposal must be carried out by an approved Sewage Waste Hauler registered with Service NL.
2. Maximum rebate shall be 50% of the cost to a maximum amount of \$250.00.
3. Residents must apply to the Town for the rebate and provide original of the invoice from the septic disposal contractor. Rebates for eligible residents shall be available six (6) weeks after submission of a copy of the Contractor’s invoice to the Council office.
4. Each residence shall be eligible for a rebate a maximum of **once** every three (3) years.
5. This program has a budget limit determined each year. Rebates shall be available to eligible residents yearly until the budgeted funds are expended, at which time any further rebates will not be available. Residents who wish to avail of this rebate program are advised to check with the Town hall prior to having their tank pumped to ensure that funds are available.

Policy Review

This policy may be subject to review baring new experience or new knowledge.
