Discretionary Use req'd: Yes / No		DA required: Yes / No		Scanned: Yes / No	
Variance req'd: Yes / No		Variance %: _____		Staff initial: _____	

### Commercial & Industrial Development

All development, either commercial, industrial, or tenant fit-up in the Town of Paradise requires a permit. All applications received are reviewed by the Planning and Protective Services Department for compliance with the Town of Paradise Municipal Plan and Development Regulations, and where required, issuance of a development approval. Once the development approval process is completed, the application is referred to the Building Inspectors for review and issuance of required building permits. Service NL\* approval (i.e. Fire/Life Safety, Building Accessibility, Environmental Health) is required prior to the issuance of a building permit.

Applications for Demolition permits for any building built before 1985 will require certification that asbestos was not present or has been removed.

When the permit has been prepared, the applicant will be called to remit the building permit fees and pick up the permit. Security deposits and any other applicable fees, as per the Town of Paradise Fee Schedule, are also collected at this time.

**Electrical** - All electrical work will require an Electrical Permit from Service NL\*.

**Plumbing** - All plumbing work must be completed by a qualified journeyman plumber licensed to work within the Town of Paradise. Applications for plumbing contractor's license will require proof of insurance coverage. Plumbing permit fees, as per the Fee Schedule, can be viewed on the Town of Paradise website, [www.paradise.ca](http://www.paradise.ca) or picked up at Town Hall.

**Occupancy Permit** - All occupancies of buildings within the Town of Paradise will require an Occupancy Permit. A final inspection, including receipt of all required certifications, is required to ensure compliance to all regulations and building codes prior to issuance of an Occupancy Permit.
