Dear 

Re: **Your request for access to information under Part II of the Access to Information and Protection of Privacy Act, 2015 [Our File # 2025-21]**

On December 30, 2025, the Town of Paradise received your request for access to the following records/information:

 kindly request your assistance in providing the following permit data points for the specified date range 01/01/2016 or earliest available date to 11/30/2025.

- Permit Number
- Issued Date
- Contractor Business Name and any other details.
- Work Location
- Valuations
- Detailed Description of the Project

- Property Owner Business Name and any other details.

Please note that we need Residential and Commercial "Building, Electrical, Mechanical, Addition/Alterations, HVAC, Electric Vehicle Charging Stations, Service Upgrade/Panel upgrade /Repair/Replace, Solar/PV permits" issued in that time frame.

Ideally, it would be best if you could send all available permit types without filtering for the specific ones mentioned earlier. If specific data points are unavailable, please share whatever information you have for the permits.

If possible, we would appreciate the data in an electronic format such as CSV or Excel. If electronic data is not available, please provide guidance on obtaining the data efficiently.

I am pleased to inform you that a decision has been made by the ATIPP Coordinator for the Town of Paradise to provide access to the requested information. In accordance with your request for a copy of the records, the appropriate copies have been enclosed.

The Access to Information and Protection of Privacy Act, 2015 (the "Act") requires us to provide an advisory response within 10 days of receiving the request. As this request was completed prior to day 10, this letter also serves as our Advisory Response.

Please be advised that you may ask the Information and Privacy Commissioner to review the processing of your access request, as set out in section 42 of the Access to Information and Protection of Privacy Act 2015 (the Act).
